Dr. C. F. Menninger to Address Parent-Teachers.

Quincy School Playground Is Popular With Children.

The Quincy Parent-Teachers' association will hold its monthly meeting in Quincy school tonight. A lecture, the first of a series on child welfare, will be given by Dr. C. F. Menninger. During the remainder of the summer at each of the monthly meetings a lecture will be given to instruct in the sanitary care of children.

**Large Crowd at Garfield.**  
The largest crowd of the year listened to the band concert given Monday night at Garfield park by Marshall's band. The seats surrounding the bandstand were filled and the driveway was crowded with cars and other conveyances.

All concessions were well patronized, especially the figure eight, merry-go-round and carousel. The earlier part of the summer was far from the kind suitable to amusement parks and the crowds were small, but the warm nights are bringing good crowds to North Topeka and the park.

**Playground Is Popular.**  
The city playground at Quincy school is proving more popular each day, according to the directors in charge. On an average of seventy-tyoungsters congregate at this center from 9 o'clock in the morning to noon and from 3 in the afternoon to 7 in the evening. The playground is 140.

The younger children use the sand pile and are taught industrial work by Miss Crawford, who has charge of the girls' work. Mr. Young, the athletic supervisor of the grounds, keeps the boys busy playing playground ball in the morning and during the evening the diamond is used by the older boys for playing baseball.

Commencing Friday evening a class of girls who work during the summer will be organized. The volleyball and basketball team will be organized and friendly contests will be held with teams from the other playgrounds in the city. The boys' team for the older girls will be from 8 to 8:30.

Regular athletic apparatus will be installed on the Quincy grounds as soon as it arrives. The city has an added attraction to the older boys and girls. The accommodations at the grounds are sufficient for several hundred children and those who do not manage to meet with the directors each day are missing lots of fun.

**Notes and Personals.**
